

Where can I find support?

A member of staff will be happy to speak to you about the treatment and support that's right for you. They can refer you to support in the hospital or community.

You can also get in touch with your community service in your own time:

A helping hand to stop smoking

An information leaflet for smokers

There are many good
reasons to give up smoking...

- Reduce your risk of serious health conditions
- Fewer complications following surgery
- Reduce feelings of anxiety and depression
- Improve your sense of smell and taste
- Save money
- Protect the health of those close to you

*Feel healthier
and happier*

...and there is **FREE, FRIENDLY SUPPORT** available in the hospital and community to help you quit!

What options are there to help me stop smoking?

You are **three times more likely to quit smoking** successfully if you use a combination of medication and expert support. Both are available at this hospital and in your community.

What to expect from a stop smoking advisor

- Friendly and non-judgemental support and advice
- Advice on the right medication for you
- Experienced and expert knowledge on the best way to quit
- The offer of regular appointments to help you quit and to continue to stay smoke-free
- A listening ear and a personal plan to suit your lifestyle

Stop smoking medications

There are plenty of stop smoking medicines out there that can give you extra support to succeed. Your doctor, the CURE team or your local service would be happy to discuss these with you to help decide which one is right for you.
