Process Summary

For ED Staff:

- Stock can be found in ER medicines fridge
- Both medicines are issued on a named-patient basis; stock will only be replaced on receipt of this request form
- Copies of this form are kept in the octaplex cupboard in the ER treatment room and also available from the ED on-demand print screen 'ER – Requests & Letters'
- Place the completed form into the designated popper wallet on the inside of the octaplex cupboard (forms will be collected daily during the working week by pharmacy staff)
- Please ensure separate forms are used for each individual patient
- Pharmacy will resupply during the following working hours using the CD delivery procedure (i.e. signed-for delivery in red bag; stock must be placed into their ER storage location **IMMEDIATELY**):
 - Monday to Friday 09:00 - 18:00
 - Saturday 09:00 - 12.30
 - Sunday and Bank Hols 10:00 - 12.30

For Pharmacy Staff:

- When order is received into pharmacy, book in via PTS
- Order **does not** require a pharmacist professional screen – add straight to dispensing tray
- Stock should be issued to the named patient detailed on the order form
- Attach the dispensing label to the sheet overleaf and leave for checking
- Record prescriber name and batch number booked out to this patient on the JAC pharmacy system
- Ensure any replacement products are also booked out on JAC pharmacy system
- Once stock has been checked, package and send to the ER as per CD delivery procedure (i.e. in red bag and sign sheet)
- Any deviations from the process should be reported to the appropriate member of staff on duty
