

LRI Emergency Department

Suspected stroke or TIA, or proven ICH

Use in adults deemed BEFAST+ by ambulance crews or with NEW:

- Unilateral limb weakness
- Unilateral facial weakness after excluding [Bell's palsy](#)
- Speech disturbance
- Visual loss or field defect
- Unilateral hearing loss
- Loss of balance with direction-changing nystagmus and/or finger-nose/heel-shin ataxia
- Inability to swallow
- Intracerebral bleed on CT

Disclaimer: This is a clinical template; clinicians should always use judgment when managing individual patients

Re-approved by EDGC (chair) on 09Mar26
Review due Dec26 . Trust Ref: C178/2016

Patient details

Full name

DoB

S number

(use addressograph if available)

① Is ROSIER score positive?

Tick any applicable criteria below and record total score at the bottom

HAS THERE BEEN

Loss of consciousness -1 ☐
or syncope -1 ☐
Seizure activity

ON EXAMINATION, IS THERE ANY NEW

Asymmetric facial weakness 1 ☐
Asymmetric arm weakness 1 ☐
Asymmetric leg weakness 1 ☐
Speech disturbance 1 ☐
Visual field defect 1 ☐

☐ **Yes** – as 'ROSIER score' > 0

☐ **No** – as 'ROSIER score' = 0

② Duration of symptoms

Date and time last seen well *

DD/MM

HH:MM

* equal to 'date and time of onset' if patient able to communicate this or if onset was witnessed

Present date and time

DD/MM

HH:MM

Symptom duration (calculated from the times above)

HH:MM

③ Brain at risk?

☐ **Yes**, as at least one of the below

- Neurological deficit onset within previous 24h (see box 2) ☐
- On anticoagulant medication (Warfarin, LMWH or a DOAC) ☐
- Known bleeding disorder ☐

☐ **No**, as none of the above

④ POCs suspected?

☐ **YES**, as at least one of the below

- Direction-changing nystagmus ☐
- Finger-nose / heel-shin ataxia ☐
- New unilateral hearing loss ☐
- Acute inability to swallow ☐

☐ **No**, as none of the above

⑤ Is stroke disabling?

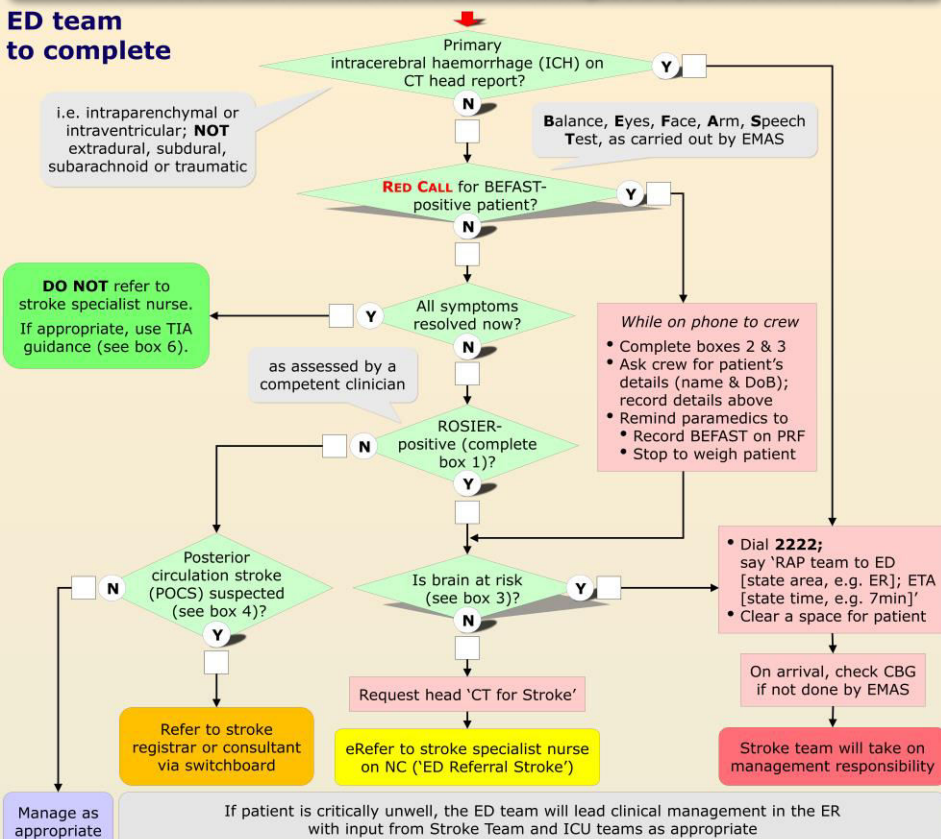

☐ **Yes**, as at least one of the below

- NIHSS ≥4 ☐
- Speech affected ☐
- Swallow abnormal ☐
- Visual fields affected ☐
- Walking abnormal ☐
- Person cannot self-care ☐

☐ **NO**, as none of the above

- Always work through this proforma before referring to stroke team
- For advice contact stroke consultant or registrar (NOT stroke nurse)
